ENGINEERED DESIGN

- The RSP Sofia is a high-speed diamond impregnated pad that is ideal for general use
- This diamond impregnated natural hogshair pad can be used for topical sealer removal, scuff mark removal, removing light surface scratching, refinement, terrazzo restoration and burnishing
- This tool can be used under a burnisher at 1500-3000 rpms or under a swing machine
- This pad can reach 90-degrees Fahrenheit, which is required to activate certain sealers and guards
